

Press release of 7 October 2024

Hôpital de La Tour and Groupe Mutuel sign a three-year agreement, thus reaffirming the importance for patients to be able to access quality healthcare.

Hôpital de La Tour and the insurance provider Groupe Mutuel are pleased to announce that they have signed a three-year rates agreement, effective from 1 October 2024 until the end of 2027, aimed at offering high-quality healthcare to patients insured with Groupe Mutuel for private and semi-private hospitalisation, without any restrictions. Persons holding supplemental health insurance with Groupe Mutuel are therefore guaranteed to have access to hospital and to benefit from all the medical services offered by Hôpital de La Tour.

“We are delighted to have reached an agreement with Groupe Mutuel. This goes to show that with constructive dialogue, it is possible to find solutions when the interests of the patients are at the centre of discussions. Insurers and healthcare providers must work hand in hand to reduce healthcare costs without compromising quality or access to healthcare for patients”, said Rodolphe Eurin, CEO of Hôpital de La Tour.

Thomas Boyer, CEO of Groupe Mutuel, reiterated that the signing of this agreement is also excellent news for all policyholders, and in particular for the residents of Geneva, who will once again be able to benefit fully from the services provided by Hôpital de La Tour. *“Signing this agreement shows that it is possible to find solutions together for the benefit of our customers and thus ensure access to quality health services”.*
